MISSED OR CANCELLED APPOINTMENTS OFFICE POLICY

In an effort to avoid raising procedure fees, we depend on patients keeping their assigned appointments. If you must cancel your appointment we require 24 hours notice. This gives the office the opportunity to fill that time with a patient who is waiting for an appointment.

We take pride in the level of dental care we provide for our patients. We use only the best materials and make every effort to see patients at their appointed time.

If you have trouble keeping appointments we suggest that you call the office the same day you would like an appointment and we will do our best to accommodate you.

Howard L. Edelman, D.D.S. James M. Stevenson, D.D.S.
